Notes (continued)

### 2 Basis of preparation (continued)

#### b) Basis of measurement

The condensed consolidated interim financial statements have been prepared on the historical cost basis except for the following:

- i) financial instruments at fair value through profit and loss ("FVTPL") and unit-linked contracts are measured at fair value;
- ii) available-for-sale ("AFS") financial assets are measured at fair value; and
- iii) investment properties are measured at fair value.

#### c) Functional and reporting currency

These condensed consolidated interim financial statements are presented in UAE Dirham (AED), which is the functional currency of the Company. Except as otherwise indicated, financial information presented in UAE Dirham has been rounded to the nearest thousand.

### d) Significant accounting policies

The accounting policies adopted in the preparation of the condensed consolidated interim financial statements are consistent with those followed in the preparation of the Group's annual audited consolidated financial statements for the year ended 31 December 2016.

### 3 Financial risk management

The Group's financial risk management objectives, policies and accounting policies are consistent with those disclosed in the audited consolidated financial statements as at and for the year ended 31 December 2016.

#### 4 Estimates

The preparation of the condensed consolidated interim financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which the estimates are revised and in the future periods effected.

In preparing these condensed consolidated interim financial statements, the significant judgments made by the management in applying the Group's accounting policies and the key sources of estimation uncertainty were significantly the same as those that applied to the annual audited consolidated financial statements as at and for the year ended 31 December 2016.

#### 5 Interim measurement

The nature of the Group's business is such that income and expense are incurred in a manner, which is not materially impacted by any form of seasonality. These condensed consolidated interim financial statements were prepared on the accrual basis, which requires income and expense to be recorded as earned or incurred and not as received or paid throughout the period. However, the interim results may not represent a proportionate share of the annual profits due to variability in contributions and investment income and uncertainty of claims occurrences.

### 13 Discontinued operation

During 2015, the Board of Directors of the Group approved to sell its investment in one of its subsidiaries Best Re Holding.

The management has allocated goodwill to each subsidiary on a systematic basis where they consider appropriateness of carrying value of each business unit after assessing the external market conditions. The carrying value of goodwill attributable to Best Re Holding has been charged to profit or loss in full in 2015 as a difference between carrying value and recoverable amount.

The calculation of profit per share for the period ended 31 March 2017 is based on the profit attributable to shareholders of AED 4.2 million (31 March 2016: loss attributable to shareholders of AED 97.6 million) divided by the weighted average number of shares of 1,188 million (31 March 2016: 1,188 million) outstanding during the period. Notes (continued)

### 17 Contingent liabilities and capital commitments (continued)

The Group is exposed to certain claims and litigations, these are subject to legal cases filed by the policyholders, cedants and retakaful operators in connection with the policies issued. The management believes, based on independent legal counsel opinions, that the ascertainment of liabilities and its timing is highly subjective and dependent on outcomes of court's decisions. Furthermore, as per the independent legal counsel, the Group has strong grounds to defend the suits successfully. Accordingly, no additional provision for these claims has been made in the condensed consolidated interim financial statements. However a provision is made in respect of each individual case where it is probable that the outcome would result in a loss to the Group in terms of an outflow of economic resources and a reliable estimate of the amount of outflow can be made.

There are no significant capital commitments at 31 March 2017 (31 December 2016: nil).
