Investment Objective

The Emirates Islamic Global Balanced Fund is a feeder fund to the Emirates NBD SICAV – Emirates Islamic Global Balanced, a sub-fund of the Luxembourg domiciled Emirates NBD SICAV. The investment objective of the underlying fund aims to provide institutional and high net-worth investors with a professionally managed means of participating in a global multi-asset class portfolio of Shari'a compliant assets. The primary investment objective of the fund is to achieve medium to long term capital growth while minimising risk through diversification across asset classes. The fund will seek over time to acquire a diversified portfolio of collective investment schemes and direct investments including but not limited to investments in Murabaha, Sukuk, real estate and equity.

The Team

With one of the longest track records in the MENA region, Emirates NBD Asset Management operates as an independent asset manager based in the DIFC and backed by Emirates NBD Bank PJSC, one of the largest financial service groups in the UAE.

The Fund is managed by Scott Samuel and assisted by Bindu Stephen who have over 20 years of combined experience at Emirates NBD Asset Management in their roles on the multi asset desk, money market desk and in risk and portfolio analytics. The Team uses market research, interaction with the Emirates NBD Asset Management investment team, and meetings with global fund managers to construct diversified investment portfolios that are focused on deriving portfolio returns from several sources (global equity, sukuk, local currency treasury bills / deposits and alternative assets) with a moderate to aggressive risk profile.
