## FUND COMMENTARY

At Comgest, we invest with a long-term quality growth mindset, typically over a five-year horizon. In this context, a one-month period offers limited insight into the fundamentals of our portfolios. To better align with our long-term investment approach and ensure we provide the most meaningful and relevant information, we will now focus our commentary within our quarterly factsheets. Our quarterly updates will continue to offer in-depth insights that more accurately reflect our investment horizon and philosophy.
