### Investment Objective

The Fund is a Shari'a compliant investment that aims to achieve a higher profit return than traditional Shari'a compliant bank deposits. The Fund will primarily invest in a diversified portfolio of Shari'a compliant money market instruments such as Murabaha and Wakala, including collectives investing in such instruments. Assets will be diversified across a range of durations and liquidity terms in order to maximise potential for higher profit without unduly increasing volatility or impeding regular liquidity.

The Fund is a sub fund of Emirates Funds Limited, a Shari'a compliant investment company registered with limited liability in Jersey, the Channel Islands. The Fund will adhere to Shari'a law as advised by the Internal Shari'a Supervision Committee of Emirates NBD Asset Management Limited.

### Monthly Commentary

Global markets experienced significant volatility, driven by trade developments, fiscal concerns, and shifting monetary policy expectations. Fiscal concerns were at the forefront following Moody's downgrade of US sovereign debt to AA+. This occurred just before the House of Representatives narrowly passed the "One Big Beautiful Bill Act," which could increase US fiscal deficits by \$1.7–\$3.1 trillion over the next 10 years. US FOMC kept the federal funds target range unchanged, citing elevated uncertainty and growing stagflation concerns, and adopted a "wait-and-see" approach to future policy decisions.

Emirates Islamic Money Market Fund delivered a return of 0.32% in May 2025 and 1 year return of 4.52%. The SAR denominated deposits and high yielding sukuk were the key drivers of performance. Despite 3 month EIBOR declining marginally, falling from 4.24% in April 2025 to 4.21% in May 2025, rates volatile spilled over into the interbank market. We will endeavor to extend the maturity profile of the Fund with the expectation of a declining interest rate environment, all else equal. We expect to achieve this by positioning in longer duration sukuk and Islamic deposits, within the permissible limits.
